BREAKING NEWS - GT 90'S REVIVAL SERIES

GT 90'S

REVIVAL SERIES

Initially the plan for this year was to take part in one of the rounds of the GT 90's Revival Series just for fun and as a complement to our normal racing in Ferrari Challenge. Now it looks like we will be able to do the full series and what could be more appropriate a year when I am celebrating 15 years together with Ferrari.

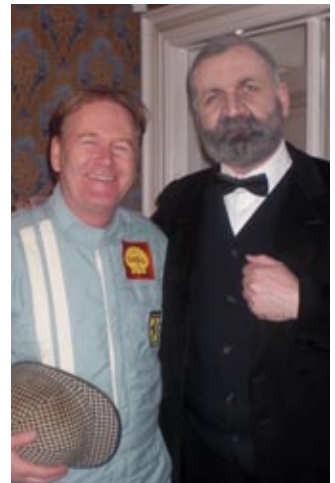

On thursday we presented the car I will use for the media at Bilsport Performance Show in Jönköping and from friday and until Monday the show will be open to the public.

We have got almost all of the old partners aboard in the project and it is not without proudness we present a car that today looks even better than when it was new 10 years ago.

When I met Alfred Nobel

Even if he has been dead for over 100 years I had the chance to meet the founder of the Nobel Prize, Alfred Nobel, a couple of days ago.

The reason that he came back from the other side was that we did a commercial trailer together, promoting the town of Karlskoga where the finish of this years Midnight Sun Rally be held.

It is not every day You act in a commercial and it is definitely not every day Your co-actor is a person that has been dead since 1896!

Anyhow he was very nice and had a fantastic story to tell so if You have time please read about Alfred Nobel and his life in a book or on the internet.

And finally...

BUONA PASQUA!

Spring time is finally here and my racing season will soon start, but first I wish everybody a nice and relaxing Easter holiday/Tony
