## SINGIN' IN THE RAIN AT HOCKENHEIM

## MEET US AT THE TOWN SQUARE IN KARLSKOGA THIS SATURDAY

This coming Saturday it is time for the official kick off for the Midnight Sun Rally in my hometown Karlskoga with a lot of celebrities present. Apart from myself ;-) no less than two World Champions will be present, Björn Waldegård and Stig Blomquist.

A fantastic display of old rally cars will also be present so this is a must if you have the possibility to come to Karlskoga on Saturday. The actual rally will start July 16 in Jönköping and finish in Karlskoga July 19.

The gang at Hockenheim:  
Lars, Tony and Kennie.

Together with my new team mate, Lars Edvardsson, we managed to take points for a third and a fifth place during the first round of this years DMV Tourenwagen Challenge.

It was not without drama we finished both races because we had plenty of electronic issues during the

free practice and in the last part of Lars's qualifying stint the car developed a gearbox problem. When it was time for my qualifying session the problems were too big so I did not even manage a single timed lap.

In the end we had to do both heats without fourth gear but were saved by the bell in form of the dreadful weather conditions that totally drenched the circuit.

Because of all the rain we still could set competitive times and managed to score points for a third and a fifth place and sensationally lead our class after round 1.

At the moment we do not know if we should continue together because of Lars's commitment in the Scandinavian Ferrari Challenge but I really hope that we will be able to defend our position and be on the grid for the next race at Nürburgring in may.
