## THE SUMMER WAS GOOD!

### SECOND PLACE AT OSCHERSLEBEN

A very exciting race where I managed to climb on to the podium after a race where I was leading but lost it all when it started to rain and I spun off. Despite this I made a great comeback and after being the fastest driver on the track for the last five laps I was just tenths after the winner over the finish line.

### SECOND PLACE AT NÜRBURGRING

In front of over 100 000 spectators I did put on a good show after messing up the start. I had to work hard to be on the podium but I managed after some really good manoeuvres, most memorable was when I passed young hotshot Jürg Aeberhard for second just in front of the packed Mercedes tribune.

### 9:TH PLACE IN THE MIDNIGHT SUN RALLY

I was so happy to have the chance to drive Erik Carlsons Monte Carlo winning SAAB from 1964 but unfortunately it broke down before the start of the rally. Instead we where handed a SAAB 99 EMS from 1975 which in fact was a so much more competitive car, and as a result we managed to do our best ever rally with a rewarding 9:th place in the end.

## NEXT STOP DIJON

This coming weekend its time again for DMV Tourenwagen Challenge and we will visit one of the classic tracks from the good old days of Formula One, Dijon-Prenoise in France.

Not least the epic battle between Gilles Villeneuve and René Arnoux 1979 is something that put the circuit on the map as one of the best places to race at.

I have raced a couple of times on the circuit but the last time was 2002 so I really am looking forward to come back, and hopefully keep the good momentum we have now.
